

Membership

CRIM is at the heart of a network of networks, continuously connected to over 50,000 people in Québec's IT industry.

Why join CRIM?

To obtain significant discounts and financial benefits on CRIM's services and activities.

To gain visibility in one of the largest networks of Information Technology experts in Québec and have access to membership perks.

BENEFITS - REGULAR MEMBERS

- Discounts of up to 20% on qualifying services
- Credits equal to amount of dues applicable to 50% of the cost of all projects and services (excluding function room rentals)
- Increased visibility in various CRIM publications and on randomly spooling web banner on CRIM's home page
- Direct connections to the experts you need
- Choice of high-end event sponsors
- Entitlement to vote at Annual General Meeting
- Access to the group's executive positions and membership in various committees.

BENEFITS - ASSOCIATE MEMBERS

- Discounts on CRIM's services and activities, based on higher base fees than those reserved especially to regular members, and without any credits on services
- Visibility on web site
- Entitlement to vote at Annual General Meeting, however without access to the group's executive positions or membership in various committees.

Testimonials:

"CRIM not only develops the technologies and course manuals but facilitates the knowledge transfer over to us."

- Groupe Ultima Inc.

"Numerous doors at universities were opened to us because of CRIM's involvement. Had it not been for CRIM, SAP Labs would probably not have a Research Centre in Montreal. They were the link we needed to universities and other research centres."

- SAP Labs

"While it's difficult to quantify the positive impact they've had on us, we can safely say that CRIM has helped us in reducing our risk parameter."

- Ministère de la santé et des services sociaux

"Our joint research initiatives were instrumental in the development of unique algorithms in sound and image recognition."

- ONF
